RELEVANT EXPERIENCE

US Army, Fort Bragg, North Carolina

Geospatial Engineer

January 2009 – July 2013

- Implemented command logistics inspection program that functioned across intelligence organizations.
- Created and modified high-resolution shapefiles appropriate for customer project specifications for use in GIS software interfaces.
- Consulted with other service members to obtain a comprehensive understanding of mission needs and order specifications, customizing solutions and communicating order details to team members.
- Prepared and performed quality control of geospatial intelligence products to guarantee operational efficiency.
- Utilized GIS technology and equipment to prepare maps, tables and reports, integrating multiple data layers and employing spatial analysis to organize relevant data and create optimal visual presentations.
- Traveled to various locations in the US to aid in mission planning.

WORK EXPERIENCE

Walmart, Harker Heights, Texas

Department Manager

August 2014 - June 2017

- Executed targeted merchandising and promotional plans to meet department sales goals.
- Provided leadership, insight and mentoring to newly hired employees to supply knowledge of various company programs.
- Supported shrinkage and safety awareness, reviewed sales and inventory data, identified trends and prepared reports for management.

City of Tumwater, Tumwater, Washington

Utility Clerk

February 2018 - March 2019

- Processed accounts payable and accounts receivable updates to maintain accurate financial records.
- Performed data entry and record keeping tasks to track the city utility correspondence and updates.
- Communicated with customers and employees to answer questions or explain information.

TECHNICAL PROFICIENCY

ArcGIS - ESRI Software (ArcGIS Pro, ArcGIS Online, ArcMap)

Advanced

Adobe Creative Suite 6

Intermediate

Microsoft Office Suite

Advanced
